Abbreviations

YTD => Year to Date

Group Statuses

- Active => Indicates that the group has completed the 30-Day Pending Period. There is a primary contact (can be GSR, ALTGSR or CONT - Mail Contact), a History Date (Group's First Meeting Date) and the name is not in question.
- Inactive => Indicates that the Member Services team, Area Registrar or Alternate Area Registrar, has received information that a group has disbanded or is not currently meeting. The information should be submitted by the primary contact on record.
- Merged => Indicates that a group has joined another group. The Member Services team has received information that two or more groups are merging. The Merged group(s) are then cross-referenced with the Active group. The Merged group can request to be unmerged at any time by contacting the Member Services team and providing updated contact information and meeting place information.
- Unknown => Indicates that a group is still active, but the group record does not have a primary contact assigned to it. This means there is no one available to receive the group's mail from the GSO. Anyone in the group can volunteer to receive the group's mail; it does not need to be a GSR.
